CANADIAN
GREENHOUSE
GROWERS' DIRECTORY
& BUYERS' GUIDE

Minister
of Agriculture and
Agri-Food

Ministre
de l'Agriculture et de
l'Agroalimentaire

Ottawa, Canada K1A 0C5

MESSAGE FROM THE MINISTER

With a proud 20-year history, the Canadian Greenhouse Growers Directory and Buyers' Guide continues to be a valuable resource to help growers and the entire value chain capture new opportunities in the global marketplace. I'm proud our Government continues to support this publication through our AgriMarketing Program. We are also proud to help your industry differentiate your products on world markets, and access new crop management tools. The flower industry drives jobs and growth throughout Canada, with \$1.4 billion in farmgate sales, employing more than 20,000 Canadians and generating \$122 million in exports including \$2.4 million to countries in the European Union. To help you build on this success, our Government reached agreement in principle on a free trade agreement with the EU that will open up a market of half a billion consumers to our agricultural producers. As well, we are collaborating with the provinces and territories under Growing Forward 2 to drive \$3 billion in strategic investments in innovation, market development and competitiveness. Congratulations once again to Flowers Canada Growers for an outstanding directory for 2014 and thanks for your hard work in growing Canada's economy.

A handwritten signature in blue ink, appearing to read 'Gerry Ritz'.

Agriculture Minister Gerry Ritz, PC, MP

Canada

2014

CANADIAN GREENHOUSE GROWERS' DIRECTORY & BUYERS' GUIDE

Flowers Canada Growers Inc. is pleased to present the 2014 edition of the Canadian Greenhouse Growers' Directory & Buyers' Guide. With this directory you will be able to source products or services to the greenhouse floriculture industry such as floral growers, wholesalers, wholesale distribution centers and suppliers and services companies from coast to coast.

In this 21st edition of the Directory, the tools listed below will help you to find the right service you need faster than ever:

- **Regional Listings** – Canadian growers and wholesalers are listed in geographical sections: British Columbia, Prairies, Ontario, and the Maritimes.
- **Export Logo** – Companies exporting to the USA are clearly identified with the dual flag logo.
- **Alphabetical Indexes** – Preceding the listings, indexes will help you quickly find company names listed in alphabetical order along with the page numbers of their listing location.
- **Product Indexes** – For your convenience, all products are cross-referenced in the back of the Directory according to the product or service category. Each category contains the name of the company and the page number of their listing location.

Please mention this directory when contacting or purchasing from these companies.

pickOntario

Love Life,
Pick Flowers!

Freshness • Quality • Local • Variety

pickOntario is a marketing initiative to help raise awareness, interest and demand for Ontario-grown cut flowers and potted plants on behalf of the floricultural growers of Ontario.

The reasons are clear why Ontario-grown cut flowers and potted plants are the preferred choice. Quality varieties from the greenhouse to the store in no time at all. When you support our province's farmers and pickOntario, you are assured the freshest product available.

Over 200 floriculture greenhouses are located in Ontario and employ up to 10,000 people, producing more than 300 different varieties of cut flowers and potted plants and are among the best producers in the world with the latest in technology and growing techniques, and are dedicated to excellence.

In today's world many are making the choice to 'buy local'. Join the movement and use the **pickOntario** brand on flowers & plants.

What can pickOntario.ca do for You?

Growers can co-brand with pickOntario on marketing materials and Retailers can use pickOntario branded materials in their stores. Want to advertise through pickOntario.ca? Contact us at marketing@fco.ca

For more information about your local growers and the products they produce visit us at

www.pickOntario.ca

The Ontario Greenhouse Alliance works for the common interest of vegetable and flower greenhouse farm production in Ontario. TOGA provides information to governments on the importance of greenhouse agriculture to Ontario's economy. TOGA works to ensure public policies will be supportive of a competitive sector.

TOGA's vision is "to enhance greenhouse agriculture as a sustainable indoor Farming ecosystem and to communicate its benefits to consumers."

**www.theontariogreenhousealliance.com
Unit 6, 76 Main Street West, Grimsby, ON, L3M 1R6**

The Canadian Ornamental Horticultural Alliance (COHA) is the unified voice that represents and promotes the sustainable priorities of Canadian Ornamental Horticulture. It is COHA's mission to coordinate industry action, contribute to effective public policy and speak with one voice on issues of concern to the sector as a whole.

COHA is a strategic alliance of three organizations:

- the Canadian Nursery Landscape Association
- the Fédération Interdisciplinaire de l'Horticulture Ornementale du Québec
- and Flowers Canada Growers Inc.

Working together to overcome obstacles and create opportunities for the industry to grow by creating partnerships with the Government of Canada.

The Cecil Delworth Foundation:

- Provides grants for specific studies and to education institutions for the benefit all fields of floriculture - production, wholesale and retail.
- Combines contributions from the floriculture industry for research
- By focusing the areas and direction of studies, the research becomes more valuable to the industry because it meets the priorities determined by the Flowers Canada Growers research committee

Delivering on our promises since 1959.

Know Your Product!

Making it Simpler to Pick Canadian!

An Effective Way to Identify Canadian Floriculture Greenhouses!

Flowers Canada Growers Inc. introduces unique QR codes across North America to help identify and track the origin of Canadian grown products.

Look for these QR codes on care tags, packaging, sleeves and other materials to quickly recognize Canadian grown products. When scanned on your smartphone, you will gain access to a farmer's/grower's website including care & handling tips, seasonal availability, contact information and more!

Today's consumers are making a conscientious effort to pick domestic over imports and this is a great way to help North America's floriculture industry grow!

"With all the smartphone users in North America, we are taking the steps to utilize current technologies promoting our Growers and their products in the "new world" communication infrastructure."

-Dean Shoemaker

Look for this symbol
for quality Canadian grown product!

Get the App
Now available for iPhone, BB10 & Android

 **CropTracker**

From the field to
your fingertips.
In less than 30 seconds.

 **CropTracker**
www.mycroptacker.com

The benefits of **Crop Tracker**

-  One central portal for internal crop management
-  Monitor plant treatments and improve quality control
-  Collaborative data collection for your whole team
-  Printable PDF Report Summaries for growers or managers
-  Track data from your iPhone, iPad, Android, BlackBerry 10 or desktop computer
