# VETOQUINOL GREENHOUSES

This is not a laundry room  
So why are you still using bleach?

 **Virkon™  
Greenhouse**

A professional-grade  
greenhouse disinfectant  
with an excellent safety profile.

Bleach is good to keep your t-shirts white. But you are a professional grower. Your business deserves a safe and efficient, professional-grade disinfectant. **Virkon™ Greenhouse**. Optimize disinfection and keep bleach in the laundry room where it belongs.

**Virkon™ Greenhouse** is a broad-spectrum disinfectant  
for hard surfaces and equipment in greenhouses.

## Sustainable solutions for a healthy bottom line

We can help you optimize your greenhouse, so you can deliver peak produce with less energy. Get up to **50 percent** of incremental project costs (**maximum \$100,000\***) when you upgrade to energy-efficient technology, such as:

- Energy curtains
- Diffused glass
- Climate control
- Insulation

Both new and retrofit technology may qualify for incentives.

### Get expert advice, at no cost to you

Our Energy Solutions Advisors can help you find and prioritize energy-saving projects, provide technical support and get significant financial incentives to speed up payback.

Contact [energyservices@enbridge.com](mailto:energyservices@enbridge.com) to get started.

\* Terms and conditions apply. For program eligibility details, please contact an Energy Solutions Advisor at [energyservices@enbridge.com](mailto:energyservices@enbridge.com). © 2021 Enbridge Gas Inc. All rights reserved. ENB 732 10/2021

@orchardparkgrowers

November 26, 2021

Welcome to the 2022 edition of the *Canadian Greenhouse Growers Directory and Buyers' Guide*. Congratulations to Flowers Canada Growers for publishing this trusted resource for more than two decades, serving thousands of Canadian and international customers!

Our government continues to support this valuable tool to promote sales and exports of Canadian floriculture products. In 2020, exports of Canadian flowers and potted plants increased to close to half a billion dollars, while sales exceeded \$1 billion. I applaud Canadian growers for continuing to provide colour and comfort to Canadians during the pandemic despite daunting challenges, including labour shortages, supply chain headaches, retail closures and gathering restrictions.

Our government maintains its investment in Canada's floriculture industry to help it drive the economy's green recovery. For example, at the Vineland Research and Innovation Centre, we are supporting research into biological control of flower pests, now used by most growers as a sustainable solution to increase production. We continue to work closely with industry to resolve the labour gap and help temporary foreign workers arrive in a safe and timely manner. For the longer term, we are investing in automation research, while offering employment programs to encourage young people interested in a career in agriculture.

To help build a bright future for Canadian agriculture, including the dynamic flower industry, agriculture ministers across Canada are laying the groundwork for the next agricultural policy framework, which will drive investments in the environment, trade, innovation and other key priorities from 2023 through 2028. I am confident Canadian flower and potted plant producers are up to the challenge of making Canada a world leader in sustainable agriculture and agri-food production. I urge you to engage in our consultations and to share your vision for the coming decade.

Once again, congratulations on another outstanding guide, and best wishes for a successful season in 2022.

The Honourable Marie-Claude Bibeau, PC, MP

Canada

# 2022

## CANADIAN GREENHOUSE GROWERS' DIRECTORY AND BUYERS' GUIDE

Flowers Canada Growers Inc. is pleased to present the 2022 edition of the Canadian Greenhouse Growers' Directory & Buyers' Guide. This Directory is designed to help you source Canadian flowers, plants, services, and products from a wide array of flower growers, wholesalers, wholesale distribution centres, and service companies located across Canada.

In this 29th edition of the Directory, the tools listed below will help you to find the right service you need faster than ever.

- **Regional Listings** – Canadian growers and wholesalers are listed in geographical sections: British Columbia, Ontario, and the Maritimes.

**Export Logo** – Companies exporting to the USA are clearly identified with the dual flag logo.

- **Alphabetical Indexes** – Preceding the listings, indexes will help you quickly find company names listed in alphabetical order along with the page numbers of their listing location.
- **Visual Product Indexes** – We've done our best to improve the Product Index by cross-referencing all floral products, supplies and services listed by each company in the back of the Directory. For your convenience, each category contains the name of the company supplying that product or service, their province, and the page number of their listing.
- **Tagged Maps** - Beginning on page 44, you will find nine pages of maps showing the geographical location of each of the Canadian growers listed in the directory. *The maps are intended to be used as a guide in locating these listings, and are not claimed to be absolute in their accuracy.*

Flowers Canada Growers Inc. gratefully acknowledges the funding support of Agriculture and Agri-Food Canada through the Canadian Agricultural Partnership and the participants in this directory.

©2022 All Rights Reserved. Flowers Canada Growers Inc. cannot and does not guarantee the correctness of all information provided, nor the complete absence of errors or omissions, hence no responsibility can be taken nor is assumed.

[www.rosaflo.com](http://www.rosaflo.com)

From our farm to your door, we are experts in growing and shipping **Large Gerbera, Mini Gerbera, Snapdragons, Lisianthus, Gerpoms, and Stephanotis** year-round, in a full range of colors. Our flowers are picked fresh in the morning and delivered to your wholesaler's door by the next day.

The Ontario Greenhouse Alliance (TOGA) works for the common interests of vegetable and floral greenhouse farmers in Ontario.

By providing current information and analysis on sector trends and issues, TOGA contributes to the development of public policy in collaboration with governments.

TOGA seeks outcomes that enable Ontario greenhouse growers to be globally competitive and profitable while contributing to a healthy society.

#### Did you know? The Ontario greenhouse sector:

- Contributes over \$2.6 billion to Ontario's economy each year
- Employs over 20,000 workers in greenhouses and associated packing facilities
- Generates exports exceeding \$1 billion

Guann Chen, Director

**YEAR ESTABLISHED:** 2009  
**GREENHOUSE SIZE:** 240,000 sq.ft., 22,296 sq. meters  
**PRODUCT/SERVICE:** Orchid Greens is most well known for our premium grade Phalaenopsis Orchids. We stand out with regards to larger bloom sizes, increased bloom counts, as well as the always-changing unique variety of colours made available! Our top two best-sellers are the Waterfall Orchids and the 4" Delight Orchids. The Waterfall Orchid sorting process is strict - only the biggest and best plants are selected for the handcrafted bending procedure to create this masterpiece. Our Waterfalls come in all different natural, non-dyed colours, thus returning in bloom the same beautiful colour year after year! The second best seller, 4" Delight Orchids, are the perfect grab-and-go item for impulse purchases in your stores. Cute, substantial, and suitable for all sizes of space. Another special service we offer is our Orchid Arrangements and Orchid Dish Gardens, please feel free to visit our website for all the different planters we offer. All our products are readily available to be shipped into the US.

YEAR ESTABLISHED: 2009  
GREENHOUSE SIZE: 240,000 sq.ft., 22,296 sq. meters  
PRODUCT/SERVICE: Orchid Greens is most well known for our premium grade Phalaenopsis Orchids. We stand out with regards to larger bloom sizes, increased bloom counts, as well as the always-changing unique variety of colours made available! Our top two best-sellers are the Waterfall Orchids and the 4" Delight Orchids. The Waterfall Orchid sorting process is strict in the way that only the biggest and best plants are selected for the handcrafted bending procedure to create this masterpiece. Our Waterfalls come in all different natural, non-dyed colours, thus returning in bloom the same beautiful colour year after year! The second best seller, 4" Delight Orchids, are the perfect grab-and-go item for impulse purchases in your stores. Cute, substantial, and suitable for all sizes of space. Another special service we offer is our Orchid Arrangements and Orchid Dish Gardens, please feel free to visit our website for all the different planters we offer. All our products are readily available to be shipped into the US.

**BEING A MEMBER  
HAS ITS BENEFITS!**  
**FCG WORKS FOR YOU:**

- ❖ Representing over **325** growers, generating over **\$1.5 Billion** in farm gate sales
- ❖ Collaboratively working with all levels of government to establish partnerships and create a national voice for floriculture
- ❖ FCG has the support of numerous associate members who offer our grower members an array of supplies and services to help the floriculture sector stay competitive in a global market place.
- ❖ Continually bringing new (and retaining existing) pest management tools to ornamental farmers
- ❖ Helping address export challenges by working closely with both grower members and the Canadian Food Inspection Agency
- ❖ Funding floriculture research aimed at helping flower growers
- ❖ Helping growers access government programs and funds to benefit their business
- ❖ Offering a competitive health insurance program available to growers and employees through People Corporation
- ❖ **Thousands of dollars** available in savings through industry partnerships

*The membership that keeps on growing*

Flowers Canada Growers Inc.'s mission is to build partnerships and relationships that lead to a regulatory landscape enabling business success.

CONTACT: Eric Schmidt, Inside Sales Manager

PRODUCT/SERVICE: Argus provides advanced climate control systems that are customized to each grower's requirements and are adaptable to their changing needs, enabling them to operate their facilities exactly the way they want. With over thirty years of innovation in controls technology, Argus systems are used throughout the world to control complex facilities for horticulture and agriculture and biotechnology research. Our control solutions feature comprehensive real-time monitoring and historical trend analysis designed to provide growers a full understanding of their facility and growth processes. We provide intuitive and intelligent control of climates, irrigation and nutrients that help optimize plant production. With a modular component design that ensures unlimited expansion options, clients never outgrow their Argus system. In addition to using only greenhouse hardened components proven for long-life and trouble free operation, our organization is configured to provide full service support and rapid response times - whenever it's needed.

TEL: (905) 562-0800  
EMAIL: info@hoogendoorn.ca  
WEBSITE: www.hoogendoorn.ca

**PRODUCT/SERVICE:** About us: Hoogendoorn Growth Management is one of the world's foremost innovators in the horticulture sector with more than 50 years' experience. With offices and partners around the world our roots are in Dutch Greenport. Hoogendoorn has been responsible for developing many of the systems and innovations now regarded as the industry standard. Aiming to not only excel in technological products, but also in customer support and training. We work with growers in every conceivable climate, with the most diverse crops to ensure a more efficient and sustainable future for horticulture. Growing technology: Hoogendoorn's new IIVO climate computer provides smart technology for greenhouse growers. This truly unique system is capable of monitoring, controlling and maintaining any greenhouse. Allowing you to grow more, at higher quality while using minimal resources. Our team of in-house data- and plant-scientists are constantly pushing the boundaries of smart technology to harness the power of nature. We continue to develop and improve the system as the data evolves, this new information is then used to help our customers unlock the Hoogendoorn IIVO's full potential. We collaborate with plant-physiologists, biologists and physicists to further advance growth practices, methodologies and technological applications. Our software is built from scratch, by us. No legacy coding, no workarounds. The best technology, in a revolutionary, future ready system. Not only is the system highly effective, it is also extremely efficient and sustainable, generating maximum results. With self-learning controls and integrated security, it is undoubtedly the future of horticulture.

ASSOCIATE  
MEMBERSHIP

Join Flowers Canada Growers as an  
Associate Member and

## Promote Your Business

to **over 325** Canadian floral greenhouse growers!

Flowers Canada Growers is the national trade association of the Canadian floral industry. Our members across Canada include greenhouse growers, distributors and importers/exporters all dealing with cut flowers, potted plants, bedding plants, cut greens and specialty suppliers and services to the industry.

### what membership can mean for you...

1. Have your company logo and profile on the Flowers Canada Growers (FCG) website along with any company literature such as press releases, white papers, etc.
2. Have your company logo periodically in our monthly newsletters for Flowers Canada (Ontario) (FCO) and Flowers Canada Growers (FCG) with contact information attached.
3. Your company logo will be included in our FCO and FCG Annual Reports.
4. Obtain opportunities for networking with greenhouse owners and decision-makers.
5. Receive annual and monthly Canadian Statistics on the floriculture industry.
6. Incorporate company literature in two annual mailouts to the FCG membership as well as in the FCO and FCG monthly newsletters.
7. Company logo on display at FCO events and at the tradeshows FCG attends.

**The Associate Membership  
that keeps on growing!**

[illegible][illegible]

In today's market, more and more people are making the conscious choice to buy local. By labeling your pots and sleeves with the pickOntario logo, you are helping consumers identify and choose fresh, local, quality products.

*Spread the word of local*

Logos are now available free to download on [www.pickontario.ca](http://www.pickontario.ca)

**Growers** can co-brand with pickOntario on their packaging and labels.

**Retailers** can use pickOntario branded materials in their stores.

@pickontario

# ONfloriculture

[www.onfloriculture.com](http://www.onfloriculture.com)

With contributions made by OMAFRA specialists, the ONfloriculture blog is an excellent resource for Ontario greenhouse floriculture growers, providing timely, technical information to produce the best crops.

ONfloriculture covers information on:

- Integrated management of insects and diseases
- News on the latest research and pest issues
- Production issues and solutions
- Industry events
- Links to other resources

## Greenhouseipm.org

An evolving site providing you with detailed information on using biological control in the greenhouse.

A one-stop resource on:

- Pests, Biocontrol Agents and IPM Basics
- A listing of recent scientific literature on biocontrol
- A Grower Forum to ask questions and participate in discussions on biocontrol.

Ontario 

OFG Market Place is the shopping centre where florists, wedding and event planners will find product of choice in smaller quantities. OFG Market Place supplies a variety of local and imported quality cut flowers and potted plants by the bunch or by the pot, including a selection of florist supplies.

A TERIS Company

**Ontario Flower Growers**  
Co-Operative Ltd.

Gateway to the highest quality cut flowers and potted plants since 1972.

Ontario Flower Growers Co-Operative is a leader in the development of the floral industry in Ontario, connecting growers with wholesale and retail customers.

We facilitate the purchase of quality cut flowers and potted plants from growers across Ontario including a large selection of import product from around the world.

**PROGRAMS TO MAKE BUYING CONVENIENT, EFFICIENT, AND PRODUCTIVE**

- Daily Auctions
- Remote Online Access
- Order Desk & Pre-Book Purchasing
- Website Purchasing
- ✿ OFG Marketplace
