about us

Flowers Canada Growers is the national trade association of the Canadian floral industry. Our members across Canada include greenhouse growers, distributors and importers/exporters all dealing with cut flowers, potted plants, bedding plants, cut greens and specialty suppliers and services to the industry.

It is our aim to improve and strengthen the unity of the floriculture industry. We strive to create an environment for our industry in which it will thrive and prosper as a major contributor to the economy and to the quality of life in Canada.

For over 25 years, we have been producing the Canadian Greenhouse Growers' Directory and Buyers' Guide in order to promote Canadian product.

This Directory is designed to help source Canadian flowers, plants, services, and products from a wide array of flower growers, wholesalers, wholesale distribution centres, and supply & service companies located across Canada.

For over 25 years, the Canadian Greenhouse Growers' Directory and Buyers' Guide has been a premier resource for purchasers, growers and wholesalers. Building on this success, FCG has expanded the directory by developing www.theflowerdirectory.com a fully functional, online version of the highly popular resource. The functionality of this website makes finding Canadian products easier than ever - allowing searches by product, geographical area, delivery area and company. Expansion of the directory to include a web presence is expected to increase the document's reach and improve ease of access for users around the world.
