

The Bella Biochar Advantage

Planet Earth's Net 0 Partner

- ❖ Canadian Made and Manufactured (Ontario)
- ❖ Certified Organic
- ❖ Premium Quality (minimum 80% carbon content)
- ❖ NSERC Collaborative Industry Partner with UWO
- ❖ PURO.Earth Carbon Capture Partner
- ❖ Approximately 3 mt of durable carbon captured per mt of Bella
- ❖ Non-Pyrolysis process exceeding 1200 degrees Celsius
- ❖ Clean and Pure
- ❖ No negative environmental impact
- ❖ No negative byproducts including methane or syngas
- ❖ Sustainable
- ❖ Produced only from landfill diverted biomass
- ❖ No Deforestation
- ❖ 5% suggested application rate
- ❖ Superior Adsorption to Activated Carbon
- ❖ Moisture Adsorbent
- ❖ Odour Adsorbent
- ❖ Reduced drought risk
- ❖ Increased microbial activity
- ❖ Improved nutrient retention
- ❖ Enhanced soil aeration and drainage
- ❖ Improves Plant Nutrient uptake
- ❖ Suitable for water filtration/purification
- ❖ Suitable for Environmental remediation
