CANADIAN GREENHOUSE
GROWERS' DIRECTORY
& BUYERS' GUIDE

Flowers Canada Growers Inc. is pleased to present the 2025 edition of the Canadian Greenhouse Growers' Directory & Buyers' Guide. This Directory is designed to help you source Canadian flowers, plants, services, and products from a wide array of flower growers, wholesalers, wholesale distribution centres, and service companies located across Canada.

In this 32nd edition of the Directory, the tools listed below will help you to find the right service you need faster than ever.

- **Regional Listings** – Canadian growers and wholesalers are listed in geographical sections: British Columbia, Ontario, and Atlantic Regions.

Export Logo – Companies exporting to the USA are clearly identified with the dual flag.

- **Alphabetical Indexes** – Preceding the listings, indexes will help you quickly find company names listed in alphabetical order along with the page numbers of their listing location.
- **Visual Product Indexes** – We've done our best to improve the Product Index by cross-referencing all floral products, supplies and services listed by each company in the back of the Directory. For your convenience, each category contains the name of the company supplying that product or service, their province, and the page number of their listing.
- **Tagged Maps** - Beginning on page 40, you will find nine pages of maps showing the geographical location of each of the Canadian growers listed in the directory. *The maps are intended to be used as a guide in locating these listings, and are not claimed to be absolute in their accuracy.*

Flowers Canada Growers Inc. gratefully acknowledges the funding support of Agriculture and Agri-Food Canada through the Sustainable Canadian Agricultural Partnership and the participants in this directory.

**Sustainable Canadian
Agricultural Partnership**

Ottawa, Canada K1A 0C5

Welcome to the 2025 *Canadian Greenhouse Growers' Directory and Buyers' Guide*! Once again, I want to thank Flowers Canada Growers for publishing this vital resource for greenhouse flower producers over the past 30 years—and for being a strong national voice for Canada's floral industry for nearly six decades.

In addition to flowers, you are also growing Canada's economy, with nearly 16,000 jobs and over \$2 billion in sales. Every year, your exports, farmgate sales, acreage and job numbers set new records, driving an efficient and competitive floriculture sector right across this great country.

You are growing the sustainable products that your customers are looking for and you are helping Canadians to enjoy greener, healthier lives, both indoors and outside, while making our public spaces, homes and special events more beautiful.

The Government of Canada is proud to support your great work through our AgriMarketing program, which is helping you to strengthen our integrated trade with the United States and keep the industry in bloom.

Thank you again for all the hard work and care you devote to providing Canadians with sustainable, locally-produced flowers. I wish you all a successful 2025!

The Honourable Lawrence MacAulay, P.C., M.P.
Minister of Agriculture and Agri-Food

Canada

PRODUCT/SERVICE: Bradford Greenhouses is a Canadian success story. Its remarkable journey began when Francis Ferragine established a greenhouse business in Bradford in 1961. By 1975, the family's retail venture emerged along Hwy 11, and this growth continued and expanded with the unveiling of its flagship retail store in Barrie in 1993. Presently, Bradford Greenhouses holds a prominent position as one of Central Ontario's premier greenhouse growers and retailers. The company extends its reach by offering a wide array of plugs and rooted liners to independent growers and farmers throughout Canada. A comprehensive selection of retail-ready live plants for every season is a hallmark of Bradford Greenhouses Limited. This ready-to-display assortment encompasses packs and flats, hanging baskets, custom planters, summer instant annuals, and fall mums, as well as an extensive array of accessories, furniture, and home goods. At the heart of our operations lies a commitment to efficiency and technological advancement, positioning our company as one of the most sophisticated greenhouse operations in Canada. Bradford Greenhouses Limited is not only a fixture in the industry but also a trailblazer, consistently dedicating resources to research and investment in innovative practices within greenhouse cultivation and gardening. This long-standing commitment ensures that we are well-equipped to serve our customers with excellence for years to come.

PRODUCT/SERVICE: Bradford Greenhouses is a Canadian success story. Its remarkable journey began when Francis Ferragine established a greenhouse business in Bradford in 1961. By 1975, the family's retail venture emerged along Hwy 11, and this growth continued and expanded with the unveiling of its flagship retail store in Barrie in 1993. Presently, Bradford Greenhouses Limited holds a prominent position as one of Central Ontario's premier greenhouse growers and retailers. The company extends its reach by offering a wide array of plugs and rooted liners to independent growers and farmers throughout Canada. A comprehensive selection of retail-ready live plants for every season is a hallmark of Bradford Greenhouses Limited. This ready-to-display assortment encompasses packs and flats, hanging baskets, custom planters, summer instant annuals, and fall mums, as well as an extensive array of accessories, furniture, and home goods. At the heart of our operations lies a commitment to efficiency and technological advancement, positioning our company as one of the most sophisticated greenhouse operations in Canada. Bradford Greenhouses Limited is not only a fixture in the industry but also a trailblazer, consistently dedicating resources to research and investment in innovative practices within greenhouse cultivation and gardening. This long-standing commitment ensures that we are well-equipped to serve our customers with excellence for years to come.

PRODUCT/SERVICE: Orchid Greens is most well known for our premium grade Phalaenopsis Orchids. We stand out with regards to larger bloom sizes, increased bloom counts, as well as the always-changing unique variety of colours made available! Our top two best-sellers are the Waterfall Orchids and the 4" Delight Orchids. The Waterfall Orchid sorting process is strict in the way that only the biggest and best plants are selected for the handcrafted bending procedure to create this masterpiece. Our Waterfalls come in all different natural, non-dyed colours, thus returning in bloom the same beautiful colour year after year! The second best seller, 4" Delight Orchids, are the perfect grab-and-go item for impulse purchases in your stores. Cute, substantial, and suitable for all sizes of space. Another special service we offer is our Orchid Arrangements and Orchid Dish Gardens, please feel free to visit our website for all the different planters we offer. All our products are readily available to be shipped into the US.

COHA-ACHO's vision is to represent Canada's vibrant and flourishing ornamental horticulture value chain at the national level passionately and effectively.

www.coha-acho.ca

COHA-ACHO's mission is:

- To ensure that governments are well informed about the economic and environmental importance of ornamental horticulture as an integral part of Canadian agriculture.
- To obtain government recognition for the value that our plant products and services provide as solutions for society.
- To lead research and innovation for our sector in collaboration with government.

COHA is a strategic alliance of three organizations:

- Canadian Nursery Landscape Association (CNLA)
- Flowers Canada Growers Inc. (FCG)
- Québec Vert

TOGA

THE ONTARIO
GREENHOUSE ALLIANCE

The Ontario Greenhouse Alliance (TOGA) works for the common interests of vegetable and floral greenhouse farmers in Ontario. By providing current information and analysis on sector trends and issues, TOGA contributes to the development of public policy in collaboration with governments.

TOGA seeks outcomes that enable Ontario greenhouse farms to be globally competitive and profitable while producing high-quality, locally grown food & floral products, creating jobs, and using environmentally sustainable growing practices.

Did you know? The Ontario greenhouse sector:

- Contributes over \$3.2 billion to Ontario's economy each year
- Employs over 46,000 workers in greenhouses and associated packing facilities
- Generates over \$2.1 billion in value added export activity

www.theontariogreenhousealliance.com

BEING A MEMBER HAS ITS BENEFITS! FCG WORKS FOR YOU:

- ✿ Representing over **325** growers, generating over **\$2 BILLION** in farm gate sales
- ✿ Collaboratively working with all levels of government to establish partnerships and create a national voice for floriculture
- ✿ FCG has the support of numerous associate members who offer our grower members an array of supplies and services to help the floriculture sector stay competitive in a global market place.
- ✿ Continually bringing new (and retaining existing) pest management tools to ornamental farmers
- ✿ Helping address export challenges by working closely with both grower members and the Canadian Food Inspection Agency
- ✿ Funding floriculture research aimed at helping flower growers
- ✿ Helping growers access government programs and funding to benefit their business
- ✿ Offering a competitive health insurance program available to growers and employees through People Corporation
- ✿ **Thousands of dollars** available in savings through industry partnerships

The membership that keeps on growing

FCG's mission is to build partnerships and relationships that encourage business success for Canadian flower farmers.

PRODUCT/SERVICE: Agricultural Credit Corporation (ACC) is a not-for-profit farm organization founded in 1992 by a coalition of farm organizations and is now comprised of 19 producer associations and marketing boards. Since that time, we have provided in excess of three billion dollars in operating funds to Canadian producers. ACC offers low cost operating loans to producers across Canada. Each member of the Board of Directors is a farmer, many of whom represent other commodity boards or associations. The expertise of ACC is built upon experience gained in offering loans, producer credit review, managing large loan accounts, meeting government loan guarantee parameters and collection of loan repayments. Agricultural Credit Corporation doesn't just provide financing for one small portion of your agricultural business, we provide financing in all areas of the development of your products, from planting, through harvesting, right until your product goes to market.

PRODUCT/SERVICE: Pottery Extravaganza (Canada) Inc. and P.E.X. Inc. are the direct importers and sole distributors of an exclusive line of decorative plastic pots and planters, as well as natural material Hanging Baskets. We offer nursery growers, as well as wholesale and retail greenhouses a wide assortment of decorative, yet functional planter styles, shapes, sizes and colours. All of our products are manufactured in multiple facilities throughout China, and we offer various shipping options to accommodate most customer needs. We proudly maintain a fully stocked warehouse in Mississauga, Ontario, as well as in Merrimack NH, USA. This allows us to deliver quality planters at competitive pricing, while still meeting our customers' production schedules.

PRODUCT/SERVICE: At Premier Tech, we improve crop performance, quality, and yields by integrating AGTIV biologicals into our signature PRO-MIX professional growing media, bringing life into growing media. From the careful selection to the precise blending of materials like peat, bark, and coir, we control every step of the process to deliver high-quality media for easier crop management. Our expert team supports you at every stage, ensuring success. PRO-MIX, enhanced with AGTIV biologicals, harnesses the power of biostimulants for healthier, more resilient plants: AGTIV® REACH™ helps plants reach and absorb more nutrients and water thanks to mycorrhizae. AGTIV® STIMULATE™ reinforces plants with a healthy root zone thanks to Bacillus. AGTIV® AMPLIFY™ provides a healthy and expanded root system that absorbs more nutrients and water thanks to mycorrhizae & Bacillus. We are committed to sustainable solutions that support global food production and enhance the beauty of the world we live in.
